KEY SESSION

Addressing The Future &
Sustainability of West Africa

Marketing
Sustainability

West Africa is a region with immense potential for growth in the apparel industry. However, it faces significant challenges, including infrastructure, skills, and access to capital. This session will explore the opportunities and challenges of the West African market and discuss strategies for sustainable growth.

**Innovative
Insights**

SPOTLIGHT SESSION

Apparel's Role in the Circular Economy

Marketing
Sustainability

The circular economy is a model of production and consumption that involves sharing, reusing, repairing, refurbishing and recycling existing materials and products for as long as possible. This session will explore the role of the apparel industry in the circular economy and discuss strategies for sustainable growth.

**Experience
